

Briefing Note – 2024 Annual General Meeting Membership Fees for 2025

Title: Membership Fee Increase Proposal for 2025

Summary:

At the August 18, 2024, meeting of the MNL Board of Directors, the Board approved a 5% increase to membership fees to be presented and voted on at the 2024 Annual General Meeting. This follows the 10% increase that was approved by membership at the 2023 AGM, during which an additional 5% increase for 2025 was noted as likely.

Prior to the 2023 AGM, the last membership fee increase occurred in 2018. Since 2017, Canada has seen an approximate 24% rise in the Consumer Price Index, reflecting inflationary pressures. These factors, combined with rising interest rates, have significantly increased the operational costs for MNL. While cost-control measures and new revenue streams have been and continue to be implemented, the 5% membership fee increase for 2024 is necessary to further ensure MNL's financial sustainability.

The MNL Board of Directors proposes this 5% increase to membership fees for 2025, in addition to the 10% increase in 2024, to meet rising costs while minimizing the impact on members.

Background:

MNL is required to obtain membership approval for any changes to membership fees at the AGM. At the 2023 AGM, membership approved a 10% fee increase for 2024, and it was communicated that an additional 5% increase for 2025 was likely to be proposed.

MNL staff prepare the annual organizational budget, which is approved by the Board of Directors. The staff continue to reduce costs and identify new revenue opportunities to better serve members. Additionally, MNL has contracted MNP as a financial advisor to help guide the organization's fiscal strategy, including cash-flow management and long-term financial planning.

Informed by advice of MNL's auditor and financial advisors, it has become clear that increasing membership fees is a necessary step to avoid continuous deficits and secure MNL's financial future.

Current status and next steps:

The MNL Board of Directors has endorsed the following membership fee proposal for 2025, which will be presented for a vote at the 2024 Annual General Meeting:

- 5% increase in membership fees for 2025, with a maximum increase of \$2000.

The attached document outlines the proposed increase for each municipality. With a 5% increase, the minimum increase in membership fees will be \$20.33 and the average increase in membership fees will be \$91.02. A 5% increase in membership fees would represent an approximate \$25,000 increase in revenue for MNL.

Decision Required:

A membership vote on the proposed 5% membership fee increase at the 2024 MNL Annual General Meeting.

We have been delivering **safe, reliable electricity** to communities of our province for almost **140 years**.

We're replacing **over 60,000** street and area lights with energy-efficient LED fixtures. They're more reliable, better quality, and offer lower rates for customers. By the end of 2024, the program will have saved customers approximately **\$3.1 million**.

We've completed over **100 projects** through **EnviroFest**, our employee-driven community restoration and beautification initiative. We've helped our communities access grants to complete environmentally-friendly projects for **over 25 years**.

For the past 10 years, on average, Newfoundland Power has been **#1 in reliability** among the Atlantic provinces' utilities. Customer outage times are about **40% shorter** than the Canadian average!

takeCHARGE energy efficiency programs have saved Newfoundland and Labrador residents and businesses nearly **\$180 million**.
